

Irish Table Tennis Association Limited

Permission to Compete and/or Train outside the island of Ireland

The ITTA Board is conscious that there is a growing interest from Branches, Clubs and the Membership, in participating in competitions and training camps outside of Ireland. The Board wants to ensure that, particularly where young people are involved, such external/overseas travel involves the appropriate adult supervision.

In addition, the Board wishes to ensure that such external/overseas participation is organized in such a way that it is compatible with the requirement to support the organizers of important and other significant events in Ireland.

The 4 Provincial Branches were invited to consider a first draft of this form and, where possible, such observations as were received, were taken in to consideration in producing this latest version of the attached application form **“Permission to Compete and/or Train outside the island of Ireland”**.

Any Branch, club, league and/or individual intending to train or participate in competitions outside the jurisdiction of the ITTA is requested to submit the attached form to the ITTA Secretary (secretary@irishtabletennis.com) at least 28 days prior to the proposed travel date/s.

Permission to compete and/or train outside Ireland will not be unreasonably withheld.

Where a party is selected to represent Ireland or their Province, such party may assume that this Application will be made on their behalf by the relevant National or Provincial Secretary.

If there are any queries in relation to the above please contact the Secretary.

ITTA Board
19 February 2008
